

O-Ring Division
2360 Palumbo Drive
Lexington, KY 40509

February 15, 2016

Dear Parker Customer,
Parker O-Ring Division is announcing our new OLUBE 884-2. This is a 2 ounce size in the same style packaging as the SLUBE 884-2. Due to the new labeling required by OSHA on the LUBE products, prices have been increased for some sizes. O-Ring Division has eliminated the chipboard box packaging for all lubes and eliminated O-Lube 884-4 size to help reduce the cost impact.

OLUBE 884-2 will be in O-Ring inventory by March 11, 2016

Sincerely,

Distributor and General Industrial Market Manager
Parker Hannifin O-Ring Division
